

**Mr. Enrico Galfrè Technical Support and Application Development Manager, SABO S.p.A**

Mr. Enrico Galfrè is a graduate in Chemistry at Turin University (Italy). He grew his professional experience in polymers, first as R&D Chemist, and then as Customer Technical Support and Application Development, both in the polymers industry at Eastman Chemical and in additives industry at Ciba/BASF. Now, at Sabo SpA, he provides support to Sabo's customers on selecting and developing the most appropriate polymers stabilizing solutions according to the changing needs in the industry.
